

Contestants will walk out to X1 when their name and contestant number is called by the emcee. They will pause for 3 seconds then go to X2. The Emcee will meet her there and the contestant will either give her speech or answer her pop question. After that, she will make a figure eight by going to the right side and circling around the make an eight. They will stop at X2, then walk up to X3 and do a pivot. Once they have done their pivot, the emcee will say 'thank you' and the contestant will circle and exit to the finish spot. Once all the contestants have gone, we will do an ensemble review.
